Understanding the Concept of Infallibility in Islam

Definition and Theological Basis

In Islamic theology, infallibility (known as *Ismah*) refers to the divine safeguard granted to certain prophets and imams, protecting them from errors, sins, and forgetfulness. It is rooted in the belief that these figures serve as perfect models for humanity, guiding believers toward righteousness without deviation.

Theologically, infallibility is seen as essential for the Imams to effectively carry out their divine mission. Their speech and actions are considered inspired and authoritative, serving as a source of divine law and moral guidance.

While both Sunni and Shia traditions acknowledge the importance of prophets, their views on the infallibility of the Imams differ:
