It was written during a prolific period in Agatha Christie's career, when she was experimenting with different formats and storytelling techniques. The novel is notable for its focus on a game of bridge, a popular pastime among the British upper class of the era, and for its intricate plot that challenges the reader's deduction skills.

Plot Summary

The story begins with Hercule Poirot receiving an invitation to a dinner and bridge party hosted by a wealthy and eccentric collector of art and antiques, Mr. Philo Vance (not to be confused with the American detective of the same name). The gathering includes eight guests, each with a mysterious past or motive. Among them are:

- Alice Cunningham
- Countess Vera Rossakoff (a recurring character in Christie's works)
- Superintendent Battle (a recurring detective character)
- Other notable figures with hidden agendas

As the evening progresses, the atmosphere thickens with tension. During the game, one of the

guests, Lady Dittisham, is found dead, having been shot. The initial assumption points to a straightforward murder, but Poirot quickly suspects that the crime is more complex and intertwined with the guests' secrets.

The core of the novel revolves around the concept of "who did it?" and "how was it done?" Poirot meticulously examines each guest's motives, alibis, and psychological state, revealing that each had a reason to commit the murder or to hide something. The narrative emphasizes the importance of understanding human psychology and the subtle clues that lead to the truth.
