The Historical Background of Debtors' Prisons

Debtors' prisons were institutions where individuals unable to pay their debts were incarcerated until they settled their debts or received legal relief.  - Example: "Justice, which is the foundation of social order, commands us to show mercy to the distressed."

Use of Logical Arguments (Logos)

- Johnson constructs reasoned arguments against debtors' prisons:
- Imprisonment does not recover debts; it merely exacerbates the debtor's poverty.
- The system incentivizes debt concealment and dishonesty, undermining legal trust.
- The economic cost of imprisoning debtors outweighs any purported benefits.
- He employs causal reasoning, demonstrating how prisons perpetuate a cycle of poverty, rather than alleviating debt.

Employing Rhetorical Questions

- Johnson often uses questions to provoke reflection and challenge the audience:
