What Are Grade Boundaries?

These boundaries are set by Cambridge Assessment International Education (CAIE) after the exam has been marked and are designed to reflect the overall difficulty of the exam and the performance of the cohort.

How Are Grade Boundaries Determined?

The process of establishing grade boundaries involves several steps:

- **Standard Setting:** Experienced subject officers and examiners review the exam papers and student scripts to determine what constitutes each grade.
- **Moderation:** Markers' scores are checked for consistency, and adjustments may be made to ensure fairness.
- **Statistical Analysis:** Data from the entire candidate cohort is analyzed to set equitable boundaries that reflect overall candidate performance.
- **Final Approval:** The boundaries are reviewed and approved by CAIE before results are

released.

These boundaries can vary from year to year, depending on the difficulty of the exam and the performance of candidates.
