Early Beginnings: From Newspaper Strips to Pulp Magazines

American comics' roots stretch back to the late 19th and early 20th centuries, with comic strips becoming a staple of newspapers. Artists like Richard F. Outcault, creator of The Yellow Kid, established the comic strip as a legitimate art form that combined humor, social commentary, and visual storytelling. These early pioneers laid the groundwork for subsequent generations,

demonstrating that illustrations could carry complex narratives and cultural significance.

Simultaneously, pulp magazines and comic books emerged as influential platforms. Artists such as Will Eisner, who later became a pivotal figure, started experimenting with sequential storytelling in the comic book format, blending art and narrative in innovative ways. These early practitioners faced the challenge of establishing comics as a respected artistic discipline amid societal skepticism.

The Golden Age of Comics (1938-1956): The Birth of Superheroes
