- The root word "act" forms words like "action," "actor," "react," and "enact."
- The root "ject" appears in "eject," "project," "inject," and "reject."

Characteristics of Root Words

The Role of Roots in Word Formation

Affixes and Their Relationship with Root Words

Words are often formed by adding prefixes or suffixes to root words. These affixes modify the meaning or grammatical function of the root. For example:
