History and Background

Arizona has been a pioneer in charter school legislation, with the first charter schools authorized in the early 1990s. The AZSBC was created to provide a dedicated governing body that could streamline the authorization process, ensure accountability, and foster innovation. Over the years, the number of charter schools has grown significantly, making Arizona one of the states with the highest number of charter schools nationwide.

- Supporting charter schools through technical assistance and resources.
- Promoting innovation in education to improve student outcomes.
- Protecting the rights of students and parents within charter school settings.

Roles and Responsibilities of the AZSBC

The Arizona State Board for Charter Schools has a broad scope of responsibilities that encompass the entire lifecycle of charter schools—from application to renewal, and oversight to closure.

Charter School Authorization

One of the primary roles of the AZSBC is to evaluate and approve new charter school applications. This process involves:

- Academic performance assessments.
- Compliance with laws and policies.
- Site visits and reports.

Failure to meet performance standards can lead to sanctions, corrective actions, or even revocation of the charter.

Renewal and Revocation

Charter schools in Arizona are granted renewal periods—typically five years—after which the AZSBC evaluates their performance. If a school demonstrates success and compliance, it is granted renewal; if not, the board can deny renewal or revoke the charter.

Providing Technical Assistance

The AZSBC offers support to charter schools in areas such as:

- Governance best practices.
- Financial management.
- Curriculum development.
- Compliance with legal requirements.

This assistance aims to foster continuous improvement and sustainability.

- Application Submission: A comprehensive proposal detailing educational plans, governance, finances, and community engagement.
- Review and Evaluation: The AZSBC forms review committees to assess applications based on criteria such as educational mission, management capacity, and financial stability.
